

LED BULB

LED Bulb

LED Bulb-01

Features:

- ◎Optical design:High quality PC shade, high transparency
- ◎High-end LED chip: Encapsulation by golden thread, 80 percent energy saving.
- ◎Intelligent IC power supply: Constant current driver, with overload, short-circuit, under voltage protection
- ◎Plastic plus aluminum lamp body: excellent heat dissipation

Applications:

Household, hotel, villa,shopping mall

Technical parameter

Model No.	Power(W)	Ra	CCT(K)	Dimensions D×H(mm)	Lumen(lm)	Input Voltage(V)	Beam Angle (°)	Lamp Holder
